LENDING

Library Cards:

Anyone living in Foley or the following surrounding communities: Bon Secour, Magnolia Springs, Elberta, and Lillian, may receive a free library card to access the many materials we have available to the public. In order to obtain a library card, residents must present acceptable proof of identification containing their photo and current physical address (for example, a state-issued identification card or driver's license). If the resident's address does not match their photo identification, they may provide an official bill from a utility or similar company identifying their name and address.

All minors 18 and under must have a permission form on file, completed by a parent or legal guardian, to receive a library card.

Anyone temporarily living in our community for one month or longer, such as a snowbird, may obtain a temporary resident card by providing their state issued identification card and/or driver's license and an invoice and/or receipt from their temporary residence.

Library Card Renewals:

A regular library card is valid for two (2) years. A patron's library card may be renewed in person or by calling the Foley Community Library.

A temporary library card is valid for six (6) months. A patron's temporary card may be renewed in person by providing a state issued identification card and/or driver's license and an invoice and/or receipt from their temporary residence.

Library Card Usage:

A library card allows patrons access to books, DVD's, audiobooks, mobile hotspots, and online services. Physical items can be found on our library shelves or by using our online catalog at www.foleylibrary.org.

Items may be placed on hold in person, by phone or online, and may take 2-3 days to arrive. Patrons are notified by phone, text or email when a hold arrives. Holds that have arrived will be kept at the library for 5 days before the hold is canceled and the item is returned to the owning library.

Patrons may check out an unlimited number of books and up to ten (10) audiovisual items of each type (i.e., DVD's, audiobooks, children's DVD's, children's audiobooks, etc.). There may be exceptions to check out limits.

In most cases, patrons may check out books, books on CD, and mobile hotspots for two (2) weeks. DVD's may be checked out for one (1) week. There may be exceptions to check out periods for certain items.

All minors 18 and under must have a permission form on file, completed by a parent or legal guardian, to check out materials from the library. They may only check out materials from the collections specified on their permission form. Additionally, children aged 11 and under must be accompanied by a parent, legal guardian, or responsible caregiver to check out materials.

Renewals:

Most materials, except for mobile hotspots, may be renewed if there are no holds on them. An item may be renewed by phone, in person or online at www.foleylibrary.org. There may be exceptions to online renewal, including DVDs, which must be renewed in person or by phone. If the item is not returned or renewed by the due date, a fine will be imposed at the following rates:

Books & Magazines:	\$0.10 per day
Audiovisual Items:	\$0.50 per day
Interlibrary Loans:	\$0.50 per day
Mobile Hotspots:	\$1.00 per day
Kits:	\$0.50 - \$1.00 per day

Patrons are responsible for the condition and safe-keeping of borrowed materials. Patrons will be charged for the cost of Library repairs or replacement of lost or damaged items.

All disputes regarding book returns, fines or policies should be brought to the attention of the Library Director.

Confidentiality of Library Records:

Pursuant to the Code of Alabama, 1975, Sections 41-8-9 & 41-8-10, the Circulation and Registration Records of the Library are not available to the public.

OTHER SERVICES**Notary Services:**

The Foley Community Library offers Notary Public services for \$5.00 per stamp. The Notary witnesses the signing of a document or signing of a sworn statement on a document. Notary services are offered on Thursdays and Fridays from 9:00am-12:00pm or by appointment. The Library's Notary is simply witnessing the signing of a document, does not provide legal advice, and is only verifying the following:

- 1) The signer of the document appeared before the Notary.
- 2) The Notary positively identified the signer.
- 3) The signer both acknowledged the signature is his/hers, and the signature was made willingly.

Printing, Copying, Faxing and Scanning:

Printing from our lab computers is available for public use as well as copying capabilities. Print and copy fees are \$0.20 for Black & White and \$0.50 for Color copies. Documents may be scanned to a USB or an email address for free. We have a self-service fax machine available for public use. The fees are as follows: Sending - \$1.75 for the first page and \$1.00 for each additional page. Receiving is \$0.50 per page.

Wi-Fi Hotspots:

The Foley Community Library has established a Wi-Fi hotspot lending program to provide patrons in our community with high-speed internet access. These devices may be used by any Foley Library patron 19 and older with a card in good standing (i.e. library cards that are not blocked due to unpaid fines or lost material). Checkout is limited to one per household per month. The Library reserves the right to refuse service to patrons who abuse equipment or who are repeatedly late in returning electronic devices.

The Library is not responsible for any liability, damages or expense resulting from use or misuse of the device, connection of the device to other electronic devices, data loss resulting from use of the device, or the content of any information accessed through the device. The Library does not guarantee uninterrupted service. Any use of the device for illegal purposes, unauthorized copying of copyright-protected material in any format, or transmission of threatening, harassing, defamatory or obscene materials is strictly prohibited.

Hotspots may be borrowed for two (2) weeks. They must be returned in person to the Computer Lab Desk and never in the book drop. If damage to the device is discovered by Library staff, repair or replacement costs will be added to the patron's account. The overdue fine for the item is \$1.00 per day. If a hotspot is not returned, the borrower will be charged an \$80.00 replacement cost. Overdue fines and damage or replacement charges will be assessed cumulatively.

**Three (3) late returns for any hotspot checkout will result in that patron losing hotspot borrowing privileges.*

PATRON CODE OF CONDUCT

The Patron Code of Conduct is designed to provide a safe and welcoming environment for everyone, including patrons, volunteers, and staff. This policy applies to the use of library facilities, library card privileges, access to library resources and library services in any form, including but not limited to in-person, phone and virtual, as well as participation in Library sponsored activities on or away from the library property.

It is the goal of the Foley Community Library to provide free, open and equal access to ideas and information to all members of the community. As such, all library users are expected to conduct themselves in a manner that is courteous, respectful and cooperative at all times.

Disruptive/Inappropriate behavior is defined as, but not limited to:

- Committing or attempting to commit any activity that constitutes a violation of any federal, state, or local statute or ordinance.
- Bringing pets or animals into the building that are not service animals as defined by the Americans with Disabilities Act (ADA). In accordance with the ADA, a service animal is a dog (or, in certain cases, a miniature horse) individually trained to perform tasks for a person with a disability. Emotional support animals are not service animals under the ADA.
- Engaging in inappropriate sexual or lewd behavior including, but not limited to, indecent exposure, sexual acts, or prolonged physical conduct of a sexual nature.
- Failing to wear shoes and a shirt while inside the library, or being attired or having personal hygiene that constitutes a health hazard or materially interferes with other patrons' reasonable use and enjoyment of the library. For public health, safety, and liability reasons, such patrons will be asked to leave.
- Engaging in behavior that is unsafe or disturbing to others, such as shouting, screaming, making loud noises, using profanity, pushing, running, skateboarding, shoving, throwing objects, or provoking violence.
- Use of any personal electronic equipment, cellular phones, or audible devices at a volume that disturbs others. Headphones or earbuds must be used, and volume must be kept at a level that is not audible to nearby patrons. All phone conversations must be taken outside or to designated areas.
- Engaging in commercial solicitation, petitioning, selling, or distributing written material on library property in a manner that disrupts library operations or patrons, unless approved in advance by library administration.
- Misusing public restrooms, including shaving, bathing, washing clothes, loitering, or leaving restrooms in an unclean manner.
- Lying down on any floor, couch, seat, or table in the library, or sleeping inside the facility in a manner that disrupts library operations or prevents other patrons from using library facilities.
- Bringing drinks without a secure lid into the library, or taking food and drink into restricted areas (such as the computer lab).

The Foley Community Library reserves the right to enforce this Patron Code of Conduct to ensure the safety and comfort of all visitors and staff. Library staff members are authorized to enforce this policy and may involve the Library Director or law enforcement as circumstances warrant.

- **General Violations:** Violators of these policies will be told to immediately stop the behavior. If the behavior continues, or if the violation is severe, the individual will be required to leave the library premises and their privileges to use the Library for any purpose shall be temporarily suspended for the remainder of the day. Staff will document the incident in accordance with Library procedures.
- **Repeated or Severe Violations:** For repeated offenses or severe disruptions, the Library Director reserves the right to suspend library privileges and issue a temporary or permanent ban from all library properties. Any individual subject to a suspension or ban may submit a written appeal to the Library Director within ten (10) business days of receiving notice of the action.
- **Illegal Activities:** In the case of any illegal activities, the Foley Police Department will be notified immediately. Violators may be subject to criminal prosecution, criminal trespass warnings, and a permanent ban from the library without prior warning.

UNATTENDED CHILDREN

Children of all ages are encouraged to visit the library and take advantage of the resources available to them to meet their informational, recreational and educational needs. Parents and/or legal guardians are fully responsible for their minor children/charges at all times and are expected to comply at all times with Library policies. Any library user whose behavior, in the opinion of Library staff, is disrespectful to others, disruptive, inhibits access to or the delivery of services or resources to others, or otherwise violates this policy or local, state or federal laws may be asked to immediately discontinue such behavior, to leave library property, have library privileges suspended, be subject to legal action, and/or be subject to reporting to the Foley Police department with or without warning or notice.

- Children from birth through age 11 must be accompanied by a parent, legal guardian, or responsible caregiver. In this instance, “Responsible Caregiver” is an individual designated by the parent or legal guardian who is responsible for monitoring or caring for a child or vulnerable adult and who must be at least 18 years old. The Library assumes that an adult with a child is either a parent, legal guardian, or parent-assigned responsible caregiver and staff will not question their decision unless a child is in immediate physical danger.
- Minors 18 and under must have a permission form on file, completed by a parent or legal guardian, to check out materials from the library. They may only check out materials from the collections specified on their permission form. Additionally, children aged 11 and under must be accompanied by a parent, legal guardian, or responsible caregiver to check out materials.
- All minors 18 and under must have a signed parental consent form on file at the library in order to use the computer lab computers. Children from birth through age 11 must be accompanied by a parent, legal guardian, or responsible caregiver while using a computer.

All children should be picked up by the closing time of the library or at the end of a library sponsored event. If a child is not picked up, the parents will be called and the Foley Police department will be called to come pick up the child to wait for the parent and/or legal guardian’s arrival.

Photography and Videography in the Children's Area or in areas where Children are present:

For the safety and privacy of our minor patrons, photography and videography by the general public is not permitted in the designated Children's Area of the library or in any area of the library where minors are present. Exceptions are made for:

LIBRARY PROGRAMMING

Foley Community Library programs are events, displays, or exhibits that promote the use of library materials, services, and/or offers the community informational, entertaining or cultural experiences. Programs are planned for the interest and enlightenment of the residents of our community as well as to increase and diversify the visibility of the library within the community. Programs are intended to serve groups of people, not individuals.

Library programs shall generally be voluntary, free, and open to the public. However, nominal materials fees may be charged for certain types of library initiated programs. The Library does not discriminate on the basis of race, color, religion, sex, national origin, age, or any other characteristics protected by local, state and federal law. However, some library programs may be restricted by age to ensure the content is age-appropriate and appealing to the intended audience. The library will endeavor to offer an equitable number of programs throughout the community. However, factors such as staffing levels, program space, budget concerns and other demands upon the staff will influence the number and types of programs to be offered.

Library programs must be non-commercial in nature. Although a professional expert may present a program, the information should always be generic in nature. Library programs must have a special entertainment, informational, or cultural value to the community. Library programs may address religious themes to educate or inform, not to promote or observe a religion. No individual or organization shall use a library-initiated program at the library to advertise or recruit members or customers. Sponsorship of a program does not constitute an endorsement of the content of the program or the views expressed by the participants.

Program presenters are chosen for their expertise and performance experience. While due diligence is practiced when booking programs, the library and its employees will not be liable for the content of any program presented by a third party. Professional performers or presenters will be permitted to sell their creative products following the completion of their program as long as they possess the proper business license for their financial transactions. Patrons and staff must not be solicited to purchase, attend or participate in group events or business during the event.

Timely and adequate public announcement shall be made of all library sponsored programs. Organizations or individuals partnering with the library must coordinate marketing efforts with the library. Registration may be required for planning purposes and when space is limited.

Programs put on by paying renters of the library meeting rooms are not considered public or library-initiated programs.

This Computer and Internet Acceptable Use Policy is designed to provide a safe environment for research, learning, and personal enrichment. COLLECTION DEVELOPMENT

POLICY STATEMENT

In support of its mission to enrich lives by offering welcoming spaces and engaging resources that foster learning, creativity, and connection for everyone, the Foley Community Library develops and maintains a diverse collection of materials in a variety of formats. The Library provides free and open access to resources that meet the educational, informational, cultural, and recreational needs of the community while adapting to changing technologies and evolving community interests.

MATERIALS SELECTION

Responsibility for Selection:

Though the overall responsibility for the collection rests with the Foley Community Library's leadership, the responsibility for selecting and retaining materials is delegated to a team of qualified and knowledgeable staff who employ the criteria outlined in this policy. The final responsibility for material selection and retention resides with the Library Director. The Library also provides access to a variety of digital resources and online media services. While Library staff select many of these resources, some materials are curated by the service providers rather than the Library.

Objective of the Library's Collections:

The Foley Community Library provides materials and resources that support education, lifelong learning, recreation, and access to information for the entire community. Within available space and budget, the library offers a diverse collection in a variety of formats and reading levels to meet the needs and interests of patrons of all ages.

The library serves a community with a wide range of backgrounds, viewpoints, and interests. Our collection is developed to reflect that diversity and to provide access to a broad spectrum of ideas and information.

Because the collection represents many perspectives, some materials may not appeal to every individual. Parents and guardians are responsible for guiding their children's use of library materials based on their own values and preferences. Individuals are free to choose what they read or borrow but may not limit the choices available to others.

The inclusion of materials in the library's collection does not constitute endorsement of their content or viewpoints. The library's role is to provide access to information, not to promote or discourage particular beliefs or opinions.

The Community:

The prime community factors that have a direct bearing upon the selection of materials are (a) the people, individually and collectively, and (b) the adequacy and availability of materials through other community institutions.

- A. The People of Foley:** The Foley Community Library serves a dynamic and diverse population and our community has enormous shared needs. The library will continually search for new and better materials in multiple formats and languages to meet these needs.
- B. Availability of Other Community Resources:** The library cooperates as fully as possible with other libraries, community agencies, and educational institutions whose purposes and activities are related to library objectives. In order to avoid unnecessary duplication of materials, the library considers the kinds of materials collected and availability through other community institutions.
 - Intra-library loans within Baldwin County are used to enhance service for Foley Community Library patrons. However, Foley Community Library holds no liability for materials borrowed from other libraries in the county.

Methods and Criteria for Selection:

Libraries have the responsibility to be inclusive in selection, and efforts are made to represent the widest possible diversity of views. Each type of material will be considered for its suitability in the collection and for whom it is intended. There is no single standard that can be applied in all cases. Some materials may be judged primarily in terms of artistic merit, scholarship, or their value as human documents; others are selected to satisfy the recreational and entertainment needs of the community.

- A. Methods:** The library uses the criteria below in selecting materials for the community of Foley based on knowledge of the diverse needs of the entire community and the contents of the library's entire collection. No materials are excluded or removed from the library on the basis of race, nationality, sexual orientation, political, social, or religious beliefs.
- B. Criteria:** All Library selection and acquisitions choices are generally made in terms of the following standards:
 - Public interest or demand
 - Relevance to the community
 - Contemporary significance
 - Enduring value
 - Readability and style
 - Treatment of subject for intended audience
 - Physical durability and attractiveness
 - Suitability of the format for library use
 - Creative, literary, or technical quality

- Cost and availability
- Reviews in the professional journals
- Reviews in popular media
- Professional or literary reputation of the author, publisher or producer
- Circulation of similar material
- Relation to existing collection and other materials on the subject.

Types of Material Not Generally Purchased by the Library:

- Textbook or curriculum materials
- Workbooks or journals
- Collector's Editions
- Non-fiction books published more than 5 years ago
- Out of print materials
- Items not available through library vendors
- Mass market paperbacks

CHILDREN AND YOUTH COLLECTIONS

Policy Statement:

The library intends this policy to nullify and override any conflicting policy or statement regarding the selection, location, promotion, or access of materials for minors.

In selecting library materials for children, the library aims to provide a collection that meets the informational, recreational, and cultural needs of children from birth to 12 years old and adolescents from 13 to 18. The collection includes materials that represent a wide variety of views and are suitable for different ages and abilities. Therefore, it is the responsibility of parents or legal guardians to guide their children's reading, viewing, and listening choices and to decide what materials are appropriate for them to use from this collection.

The Foley Community Library will consider community standards and state guidelines when selecting materials for its Children and Youth Division.

- The library has further stratified its collections for better browsability and age appropriate content. This can be seen in the divided Teen (13-18), Juvenile Tween (10-14), Juvenile Middle Grade (8-12), and Juvenile Chapter Book (6-10) collections.

Policy Authority:

The library recognizes and complies with all state code, rules, and definitions adopted by the APLS Executive Board, as required under **Ala. Admin. Code r. 520-2-2-.03(2)(I)**. Sections are noted with their corresponding Code rules, as adopted July 15, 2024, and amended February 14, 2026, to ensure compliance for state aid eligibility.

1. Materials Selection for Minors - Ala. Admin. Code r. 520-2-2-.03(2)(f)(6) & (j)

- a. Age-appropriateness:** All materials are evaluated based on their age-appropriateness and their intended shelving location.
- b. Content Restrictions:** The library will not purchase or acquire any materials advertised for consumers 18 and under containing obscenity, sexually explicit content, or other material deemed by the public library board to be inappropriate for children or youth.
- c. Exceptions:** Age-appropriate materials regarding religion, history, biology, or human anatomy should not be construed to be against this rule.

2. Physical Location/Relocation of Inappropriate Materials - Ala. Admin. Code r. 520-2-2-.03(2)(f)(11) & (i)

- a. Location:** Sections designated for minors 18 and under will remain free of material containing obscenity, sexually explicit content, or other material deemed by the public library board to be inappropriate for children or youth. Under this rule, any materials regarding transgender procedures, gender ideology, or the concept of more than two biological genders shall be considered inappropriate for children and youth.
- b. Relocation:** All materials found in violation of this policy will be weeded from the collection or relocated to an adult section.
- c. Exceptions:** Age-appropriate materials regarding religion, history, biology, or human anatomy should not be construed to be against this rule.

3. Advanced Approval for Recommendation, Display, or Promotion to Minors - Ala. Admin. Code r. 520-2-2-.03(2)(f)(12)

- a. Materials Display or Promotion to Minors:** Materials meeting the selection criteria of section (1) and shelving criteria of section (2) are considered to have “advanced approval” for the purposes of this section and may be recommended, displayed, or otherwise promoted in sections designated for minors. Displays and promotions featuring adult materials are not placed in sections designated for minors and adult materials are not in general recommended to minors (see (3)(c) below).
- b. Other Displays or Promotions:** Any display or promotion featuring materials from outside of the library’s collections must be approved by the library board.
- c. Reader Advisory:** Reader advisory recommendations must correspond to the level of borrowing privileges selected by the minor’s parent or guardian per section (4)(b) below. Reader advisory recommendations conforming to this rule and targeting materials from the library’s collections, which have been selected in accordance with section (1) and shelved in accordance with section (2), are considered to have “advanced approval” for the purposes of this section. Materials recommended to minors through interlibrary loan must be vetted as though they were being selected for the collection according to the criteria of section (1).

4. Borrowing Privileges for Minors - Ala. Admin. Code r. 520-2-2-.03(2)(k)

- a. **Library Cards:** Subject to normal residency requirements, any minor is entitled to a library card provided a parent or guardian agrees to be financially responsible for materials checked out to their child. The standard card issued to all minors 18 and under is a restricted card that prohibits checkout of materials from the library's adult collections. Non-restricted minor cards granting access to adult collections may also be issued provided that written consent is given by the minor's parent or legal guardian per section (4)(b) below.
- b. **Card Types:** Foley Community Library cards for minors 18 and under require parental approval through a Minor Library Card Permission Form, allowing the parent or legal guardian to choose the level of access for their child. The available card levels are as follows:

- c. **Parental Responsibilities:** Parents or guardians must provide written consent to their child borrowing from adult collections. Consent is granted at application and is tied to the minor's library card. Consent to borrow from adult collections may be withdrawn by providing written notice, at which time the minor's library card will be downgraded per their parent or guardian's instructions.

At Foley Community Library, parents and guardians—not library staff or trustees—are responsible for guiding their children's use of library materials. Parents may choose the level of access for their children by selecting a library card type that limits borrowing to materials curated for a specific age range.

The Library strives to develop age-appropriate collections; however, individuals may have different opinions about what is suitable or objectionable. Parents or guardians are responsible for determining what materials are appropriate for their own children and may further guide or limit their children's selections within the access level they have chosen. Library staff and trustees do not act *in loco parentis*.

- d. **Borrowing Privileges:** Minors 18 and under may only borrow materials from the collections specified on their Minor Library Card Permission Form. Additionally, children aged 11 and under must be accompanied by a parent, legal guardian, or responsible caregiver to check out materials. Parents or guardians are responsible for any damaged, lost, or overdue materials checked out on their child's card.

5. **Non-Discrimination Statement - Ala. Admin. Code r. 520-2-2-.03(4)**

- a. **Non-Discrimination Statement:** The public library must not deny service to anyone on the basis of age, race, sex or creed.
- b. **Materials Location:** Exercising discretion in the location of sexually explicit material or other material deemed by the library board to be inappropriate for children or youth does not constitute a denial of service on the basis of age.
- c. **Recommendations, Display, and Promotions:** Taking age into account when recommending, displaying, or otherwise actively promoting library materials does not constitute a denial of service on the basis of age.

LOCAL AUTHORS & SELF-PUBLISHED BOOKS

A self-published book is a book that has not been published by a traditional or independent publishing house, but rather is published by a company that has been paid by the author. By the Library's definition, a local author is any writer who lives in Baldwin County or any author who writes about the Baldwin and Mobile County area.

Foley Community Library is willing to consider the addition of self-published and locally published works to the Library's collection. These books must also meet the criteria for selection. The Library wishes to support local and self-published authors while maintaining the standards of our permanent collections.

Books donated by local authors are subject to the same terms listed in the gifts and donations section in this collection development policy.

PATRON REQUESTS

The Library welcomes patron interest in the collection and will consider all requests for acquiring specific materials. However, the Library is under no obligation to fill any particular request if not deemed suitable to the collection. A patron who wishes to suggest a specific item to be purchased should complete a 'Purchase Request' form located online at foleylibrary.org/purchase-request. Requests will only be accepted from Foley Library card holders. *Please note, the Library will not take purchase requests more than 4 months from an item's release date.*

GIFTS

When the Library receives a monetary donation for the purchase of materials, selection is made in accordance with this collection development policy and the criteria stated within.

All gifts of materials are subject to the previously stated criteria for selection. The Library reserves the right to refuse any donation deemed inappropriate due to condition, duplication of existing materials, lack of authoritative review, outdated copyright, or lack of space.

Upon receipt, all donations become property of Foley Community Library. The Library does not return, nor does it track the status of, donations. The Library may not accept donations with special conditions or restrictions imposed by the donor. Items added to the collection that do not circulate regularly will be subject to removal as part of regular collection maintenance.

Items not added to the collection are generally given to the Friends of the Library for sale in their book store or other fundraisers to support the Library. Upon request, the Library will provide the donor a receipt, but will not appraise the value of donated items.

COLLECTION MAINTENANCE

Staff shall review items in the collection on an ongoing basis to ensure that the Library continues to meet patron's needs. Weeding is a necessary process for collection maintenance. It limits damage to books caused by overcrowding and makes space for current materials to be certain that our library's materials are attractive, useful, and accessible to our patrons.

General guidelines for collection management are adapted from the CREW method*. CREW stands for Continuous Review, Evaluation, and Weeding. Foley Community Library uses the CREW method which gives six general criteria for considering weeding an item from the collection which are summarized with the acronym MUSTIE:

M: Misleading – factually inaccurate

U: Ugly – worn beyond mending or rebinding

S: Superseded – by a new edition of/or by a much better book on the subject

T: Trivial – of no discernible literary or scientific merit

I: Irrelevant – to the needs and interests of the library's community

E: Elsewhere – the material is easily obtainable from another library

This along with the two factors of age and usage contribute to the materials evaluation. Withdrawn materials will be disposed of in the manner deemed most appropriate for that item, including sale by the Friends of the Library, distribution to other libraries or community service organizations, or recycling.

The library believes that individuals have the freedom to accept or reject an item from the library's collection for their personal use. Responsibility for the materials that a child uses in the library rests with the parents and/or legal guardians, not the library.

CULTURAL & HERITAGE DIVISION SCOPE OF COLLECTIONS

Background and Overview:

Foley Community Library's Cultural and Heritage Collections Division seeks to achieve the highest level in conducting cutting-edge research while maintaining an unparalleled commitment to being available to the public.

Our acquisitions continue to include large quantities of donated materials as well as purchased materials. With collections growth, a need for mission goals and guidelines arose regarding the acceptance of materials, proper maintenance of the holdings, collection care, and space.

With these developments and awareness, Foley Community Library has implemented the following concerted program and set of guidelines to carry out the various components of research collections.

Mission Statement:

The mission of Foley Community Library's Cultural and Heritage Collections Division is to identify, collect, organize, preserve, and provide access to materials pertaining to the history and culture of Alabama, the Gulf Coast region, and Baldwin County for reference and research use. Through these efforts, the collections promote and encourage research into the culture of our local area and region while also striving to provide a complete and accurate historical narrative. Materials within the collections document the history, activities, and development of the above stated areas and include historical documents, maps, microfilm, and currently published books and periodicals.

SCOPE OF COLLECTIONS STATEMENT

The responsibility for the material of the Cultural and Heritage Collections Division rests with the Library Director and Division Head. Objects that are donated to these collections will be officially accepted by the Library Director and will be maintained by the Division Head. When an object is acquired or donated, it shall be reviewed to determine its appropriateness to the collections, its condition and fragility, and whether the item is to be available for circulation. If the object has been deemed to meet all the criteria for Archives, it is to be properly catalogued by the Division Head or an assistant using accepted museum and archival registration procedures into the collections catalogue developed for use by Foley Community Library. A minimum of two copies of the Archives Catalogue shall be maintained with an ideal goal of three copies. One copy to be a bound book of suitable acid free paper, the second to be maintained digitally on a computer/harddrive, and the third on a secured external hard drive. Usable print materials that meet the criteria for either the Alabama or Genealogical Collections, will be catalogued using established practices utilized by the Foley Community Library for its general collection.

Individuals wishing to donate items will be referred to the Library Director. The Library Director along with the Division Head will determine the appropriateness of an object, if the object can be properly stored, and whether the object fits within the defined Scope of Collections and established

themes. All objects that are accessed to the collections must relate to some facet of the criteria established in the following sections.

All of the objects and materials within the collections are viewed as equally contributing to the cultural record and historical narrative. Objects within this collection are non-circulating material. Their special value and significance will necessitate rarely removing them from storage. Access to the collection will be limited to the Library Director and the Division Head.

Any original historic object, including documentary items such as photographs, manuscripts, newspapers, or textiles meeting the above criteria may be accessed into Archives. Photocopies of original documents will not be catalogued as part of Archives, but catalogued on a separate inventory of photocopied reference materials. Copies of historic photographs will be catalogued as part of the collection. An original copy of each photograph will be kept in secure storage and a digital copy will be maintained for public access. Reproductions of documents and photographs should only be considered for addition to the collection when there is a gap in the historical narrative that may be filled by the reproduction, or the likelihood of obtaining an original is nonexistent due to availability or cost.

USE OF COLLECTIONS

Items within the Cultural and Heritage Collections Division are provided for research and informational purposes only. Any use of copyrighted or trademarked material for publication or video presentation is at the discretion of the user and Foley Community Library shall bear no burden or liability for the misuse thereof.

Original materials within Archives are available on a very restricted basis in order to protect them from damage or destruction. In order to meet the accessibility expectation and requirements of the public, high quality duplicates or digital scans will be made available. Under extraordinary circumstances when the original artifact must be viewed, application must be made to the Library Director or the Division Head three (3) days prior to the viewing in order to facilitate the safe and proper movement of the object from storage. Viewing of the object will occur within a secure space that is set aside for this specific purpose and from which the patron may be easily observed. Video surveillance of the space is strongly encouraged. Patrons viewing original materials will be allowed a pencil and notepad. Other marking materials or personal belongings will not be permitted for security reasons. Any scans or copies will be handled by properly trained staff only. Other possible restrictions may be implemented on a case by case basis.

Objects that are part of Archives may be used for exhibit purposes only if provisions are made for protection from theft, vandalism, or an improper environment that may be detrimental to the preservation of an object. No exhibit method will be used that is detrimental to the preservation of an object. Objects may also be used on or off site as a teaching aid for organized groups, classes or societies. Permission to do so must be granted by the Library Director after consultation with the Division Head. The group must be monitored by a qualified member of the staff and no usage will be permitted that may damage or cause deterioration of the object.

Use of objects within the collection for publication or video presentation may be permitted following a written request and review by the Library Director and Division Head. However, the person or entity making the request is responsible for researching any trademark, copyright, or reserved rights that may exist on the materials.

ARCHIVES STORAGE

It is imperative for the long term preservation of Archives materials that a safe collections storage area be created to provide both environmental and physical security for objects not in use or on exhibit. This area should have adequate storage equipment for the collection. Delicate items such as small textiles or leather objects should be stored in proper scientific specimen cabinets. Drawers within these cabinets should be padded with polyethylene foam sheets to prevent damage to objects. Baked enamel, heavy duty shelving units should be padded with polyethylene foam sheets to prevent objects from resting directly on metal surfaces. The openings of the shelf units should be covered by sheets of unbleached cotton muslin which are held in place by strips of Velcro fasteners. These covers decrease migration of dust and other pollutants while allowing the flow of air through the vents.

Garments should be hung on padded, unbleached cotton muslin covered, wooden coat hangers and placed in a unit built for the purpose with the openings covered by unbleached cotton muslin dust covers. Larger textiles, such as flags or blankets, should be rolled in a single layer with no folds onto an acid free storage tube, or on a regular rug tube that has been covered with Mylar sheeting and unbleached cotton muslin or acid free tissue. The textile, along with its tube support, should be wrapped with acid free tissue or unbleached cotton muslin bound loosely with textile tape and suspended for storage. Other garments, too fragile to be stored hanging up, can be placed in acid free garment storage boxes. The textiles should be padded with acid free tissue with special attention being given to padding any folds to give support to these stress points.

It is essential for the long range preservation of the collection that it be exhibited or stored in a stable environment. 24 hour climate control alleviates the stresses on objects caused by the constant fluctuation of temperature and humidity. Special care should be taken to monitor the environment throughout the storage area as well as any exhibit areas. A recording hydro thermograph, which records the fluctuations of temperature and humidity over a seven day period, should be used in the storage area to obtain precise environmental data. Also, small humidity indicator cards should be placed in any exhibit cases for quick and simple monitoring of humidity levels.

ARCHIVES RESTRICTIONS

No person is to have access to Archives other than those specified by the Library Director. Request for access into the collection is to be made in advance and must be monitored by the Library Director, Division Head, or designated staff person. No objects are to be removed from the storage area by any unauthorized person under any circumstances.

Objects will not be accepted into the collection unless proper storage facilities are available.

Under no circumstances will the staff provide appraisals for objects that are to be donated or otherwise. The responsibility for appraisal rests with the donor of the object.

Catalogued items are not to be used in a consumptive manner. Archives materials will be used in exhibit or collection use only. Duplicate items or items specifically purchased may be used in interpretive programs and special exhibits. Use of these items will be determined by the Library Director and Division Head.

DEACCESSION OF OBJECTS

Donated objects within the collections may be returned to the donor or the donor's appointed representative if the object no longer fits the Scope of the Collection Statement. A written request for the object's return must be submitted to the Library Director thirty (30) days in advance along with copies of donation forms (if available) or other documentation. The request will be reviewed by the Library Director and Division Head and upon determination that the object no longer fits the Scope of Collection Statement may be picked up at Archives. Objects that no longer fit within the Scope of Collections may be deaccessioned and permanently transferred to other institutions at the discretion of the Library Director and Division Head.

LOANED OBJECTS

Incoming Loans:

Due to the risk of housing, using and displaying loaned objects, it shall always be the policy of the Division to engage in accepting a loan only when ownership of a like object cannot be obtained. The decision to accept an object for loan shall rest with the Library Director and Division Head. At the time the object is received, a loan agreement form shall be completed and signed by the object's owner, the Library Director, and Division Head. Said form shall set a specific period for which the object is to be loaned to the Library and for what purpose. Under no circumstances will an object be accepted for loan with a lack of terminus date. Additionally, the object will be

photographed and condition noted on the form prior to signing. A copy of the form shall be provided to the owner of the object.

Old Loans:

If an incoming loan to the Library has expired, and the objects have remained unclaimed by the lender of record, whether by reason of death, insolvency of the lending individual or institution, or the lack or loss of records concerning these loans, the Foley Community Library will follow Alabama's Abandoned Property Law (Ala. Code §41-6-72-75) and make a good-faith effort to locate the lender-of-record, their heirs or assigns, or their legal successors if an institution. If the lender of record et al. cannot be found, or having been found if arrangements are not made to return the object(s) loaned, the Foley Community Library, in consideration for its storage and safeguarding of the loaned item(s) beyond the contracted loan period, shall treat the object(s) so loaned and unclaimed as an unrestricted gift. The Foley Community Library will thereafter have the right to accession or dispose of the object(s) so given in accordance with the policies outlined in the above sections relating such processes.
